‘Wildy’

* It may surprise readers to learn that this is not the first acquisition by Wildy in recent years, a fact probably not recognised until now. Indeed the company has previously merged with or acquired 4 other entities within our industry as follows:

2002: Wildy merges the Simmonds & Hill Publishing list to form Wildy, Simmonds & Hill Publishing

2004: Wildy & Sons takes control of LAMBS Bookshop (Lambs online), resulting in website benefits.

2013: Callow Publishing list merges with Wildy, Simmonds and Hill Publishing

2016: Wildy & Sons acquires Roger Bayliss Representation’s customer subscription list

2019: Hammicks Legal Information Services, acquired by Wildy & Sons

PRESS RELEASE
WILDY & SONS LTD

WILDY & SONS LTD ACQUIRES HAMMICKS LEGAL INFORMATION SERVICES

Wildy & Sons (Wildy) and John Smith Group are pleased to announce that Wildy has acquired Hammicks from the JS Group.

Established in 1830, Wildy & Sons is a respected, family-owned company specialising in the supply of law books, periodicals, loose-leaf works and subscriptions. Operating from premises in Lincoln's Inn, London, the experienced Wildy team provides an excellent level of customer service and expert knowledge. The combined businesses and resources will enable them to invest in the people, systems and services that make a difference and underpin the customer service ethos that is central to both businesses. The acquisition of Hammicks will enable Wildy to form the foremost, independent legal content provider in the UK.

John Sinkins, Chairman of Wildy & Sons added, "Legal bookselling and publishing occupies a specialist niche within the industry and a specialist knowledge. Unfortunately these days, customers rarely have the time just to browse. So rather, they seek sound and unbiased advice."

He continued "The same applies remotely albeit by phone, email or online from barristers' chambers and law firms not only within the UK but around the world. Online suppliers may often be competitive on price, particularly with higher education publications, but despite their multimillion-pound automated systems are unable to offer such a specialist service, particularly when it comes to subscriptions, journals, loose-leaf and supplemented titles.

"Other booksellers and agents over the years have been supplier-facing, attempting to squeeze the best discounts to increase their margins. We have always been customer facing. Without our customers, we wouldn't have a business.

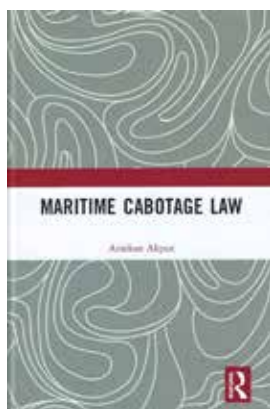

I believe that the acknowledged reputation and skills that Hammicks bring to the enlarged company from the trade side, will dovetail well with the Wildy customer philosophy.

I hope and believe that our high level of service standards, which are frequently recognised by awards within our industry, will be of a great benefit to former Hammicks customers as we seek to consolidate our position as the leading independent supplier of law books worldwide."

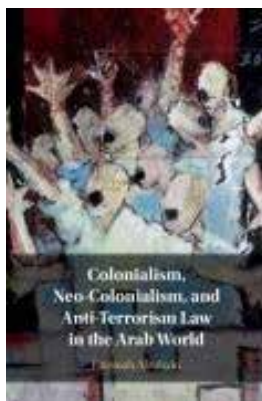

Peter Gray, Chairman and CEO of JS Group, added "JS Group is focussing on its core higher education market and we could not be happier that Hammicks is joining Wildys. We have long respected Wildys and we know they will be tremendous owners of Hammicks and will be able to offer the best service and solutions for the legal market. It has been a pleasure to own Hammicks and I look forward to its continued success in the future."

PLANNING LAW

A Practitioner's Handbook

William Webster

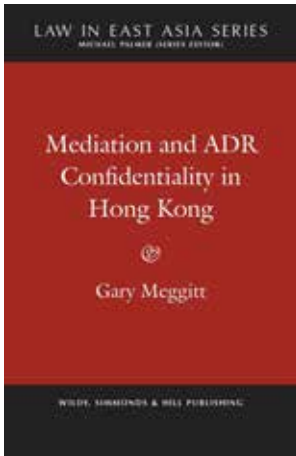

Price:	£125.00
ISBN:	9780854902552
Extent:	766pp
Binding:	Hardback

Keeping pace with planning law is no easy matter. As everyone knows, the basis of development control is that planning permission is required for the development of land, whether it be operational development or making any material change in the use of any buildings or other land. The mass of primary and secondary legislation in this field, allied to local and national policy and guidance, make this the most intensively regulated area of the law where, all too quickly, the law, procedure and policy can change. Keeping up-to-date is the priority and this book aims to achieve this in the various fields which it covers. The government's aim is to accelerate the delivery of good quality housing and to make the planning processes simpler and quicker. Whether this is achievable, and whether the recent reforms will bring about an end to years of undersupply in the housing market, remains to be seen.

This comprehensive practitioner's handbook covers the widest possible range of planning topics in a single volume. It is written for planning practitioners in the private and public sectors. It will contain the final revisions to the National Planning Policy Framework (NPPF) which is due to be published in Summer 2018. The book is written in a style that combines a readily accessible narrative with a substantial body of footnotes for those looking for more detail when it comes to case law and statutory materials.

Planning Law: A Practitioner's Handbook will provide answers for the busy planning professional to a whole range of problems which commonly arise in the day-to-day practice of planning practitioners in either the private or public sectors. Its advantage lies in the fact that it is a single up-to-date reference book covering a broad range of topics which might otherwise only be found in a number of specialist texts.

William Webster was called to the Bar in 1975 and is a tenant at 3 Paper Buildings practicing in the fields of land and planning law. He is a member of the Chancery Bar Association and joint author of *Restrictions on the Use of Land* published by Wildy, Simmonds & Hill.

MEDIATION AND ADR CONFIDENTIALITY IN HONG KONG

Gary Meggitt

Price:	£65.00
ISBN:	9780854902644
Extent:	294pp
Binding:	Hardback

It is generally accepted in Hong Kong and many other jurisdictions that mediation is ‘confidential’. This book examines the three non-statutory components of mediation confidentiality in Hong Kong:-

- contractual or equitable confidentiality;
- the without prejudice doctrine;
- and legal professional privilege – together with the Hong Kong Mediation Ordinance.

This study looks at the protection which each of the components and the Ordinance affords to the participants in mediation and the deficiencies in the same.

The author argues that the justification for a specific mediation confidentiality may be found in the very nature and philosophy of mediation itself and, in particular, its distinctive empowerment of the parties and its independence from the litigation process. It is contended that, to the extent that they share these qualities, other forms of ADR should be similarly protected.

This book will interest and be useful to academics, students and legal practitioners interested in mediation and ADR in Hong Kong and elsewhere.

The thesis upon which this book is based was awarded the University of Hong Kong’s prestigious Li Ka Shing Prize.

TRANSPARENCY CHALLENGES FACING CHINA

Edited By

FU Hualing, Michael Palmer and ZHANG
Xianchu

Price:	£65.00
ISBN:	9780854902606
Extent:	392pp
Binding:	Hardback

The concept of transparency has grown exponentially in importance around the world as a principle of good governance over the past two decades. Openness in the manner in which governments, social institutions and business corporations conduct themselves, and their willingness to disclose important information about themselves or about other actors in which they have an interest, are important features of this growth. However, greater commitment to transparency may present difficulties for an authoritarian system's political leadership. Such reform is likely to lead also to demands for political and governance change and similarly radical ideas that foster stability problems for an authoritarian political and legal system, as they enable civil society to scrutinize better the conduct of that authoritarian leadership and its institutions. On the other hand, when transparency is only partial, the government might use it as an instrument of propaganda, shaping public opinion and forestalling structural reform. The chapters in this book address the situation in mainland China where economic reform policies and a drive to gain a stronger place in the global economy have encouraged a complex and sometimes ambiguous approach to transparency. The essays explore the manner in which, and the degree to which, greater transparency in governance has emerged in the PRC. They also assess the impact of greater transparency in terms of accountability, decision-making processes, and responsiveness in the Chinese governance system. The papers in this volume have their origins in a 2016 conference on transparency issues in China held at the University of Hong Kong's Faculty of Law under the guidance of the editors, and bringing together scholars with interests in the emergence of transparency in some of the most important areas of Chinese governance.
